# Prediction

## CHARACTER

You started out your life under favourable circumstances, It might be said that you were born with a silver spoon in your mouth. Your memory is unusually good and you never forget a kindness. You are generous even to excess. You have a methodical nature, which is reflected in your work, your dress and your particular place of abode. You are personally attractive, graceful and refined. You are large-hearted and large-minded. You are considerate when things go awry. You are forceful in character. You are a born leader but you are too modest to parade this quality. You think in big things, and act in big things and you cannot be bothered with niggling details. Your ambitions are exalted and you set yourself a very high goal to aim at. Often, you fall short of the mark, as is bound to happen, but what you do achieve is above the average.

## HAPPINESS AND FULFILLMENT

You are a practical person. You have the ability to systematically organise your life, sober-mindedly realising that you must work for success. You tend to be a loner, preferring to think and study, and excel at solving difficult problems. Sober and cautious, you can be completely fulfilled if you will view life with more optimism. You are usually happier in life when you come to the realisation that life is not as bad as you thought it be.

## LIFE STYLE

You tend to be miserable in many ways because you are afraid to tell people how you feel about them. Thus, you build up hostility. Start immediately to say what is on your mind and you will begin to find meaningful relationships with others.

# Prediction

## CAREER

You should find jobs which involve you with groups of people and where there is no pressure to meet commitments and responsibilities on a commercial level. You would find success in a career which would help people, such as group leadership.

## OCCUPATION

Being methodical and careful about details, you are well-fitted for such work as is afforded by the Civil Service. You would do well in a bank and, in many respects, you have the painstaking qualities required for the scholastic profession. In businesses, where success depends on rigid routine, you ought to be happy, and all the posts which fall to people who can plod their way through examinations should be within your grasp. You can be an excellent film director. But, you should not go for actor because it does not fit to your temperament.

## HEALTH

You are well favoured as far as your constitutions are concerned. But, you are liable to suffer from nervous disorders and indigestion. The first is the direct outcome of your highly sensitive nature. You become exhausted more quickly than the average person and the life you enjoy does not help in the matter. Digestive troubles result from self-indulgence. Too much is eaten. What is eaten is too rich and, very often, it is eaten too late in the day. There is a tendency to corpulence in later life.

# Prediction

## HOBBIES

You are rich in mental interests and the more cultured arts mean a good deal to you. You find more pleasure in planning a holiday than in actually going over the itinerary. You love books and reading, and enjoy rambling over a museum. You are having a peculiar interest in old, particularly very old things.

## LOVE MATTERS

There is no doubt that you should marry, if you are to enjoy the life that fits your natures best. Solitude and loneliness are death to you, and given suitable companionship, you are a very charming person. You want to marry young one. For this, you should choose someone who is cheerful and entertaining as a partner. You require a home that is tastefully arranged and which reveals nothing of a sordid nature.

## FINANCE

In matters of finance you will be fortunate and will be likely to acquire considerable wealth. You will be careful in speculation, investing your money in solid concerns and in building up industry and business. As a rule, you will be more lucky in money matters than otherwise, having much given to you and meeting great opportunities. If you had to go into business you would make a success of enterprises connected with the luxurious side of life more than any other, such things as the decorations of homes, millinery, dresses and flower shops, the catering of food, restaurants or hotels. Your class of brain is of a very clever order but so quick and versatile that you would tired easily of any routine or monotonous life.
